I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction. Construction may not begin on new or remodeled structures, accessory buildings, or carports until an approved plan has been returned from the Plan Review Department of Bureau Veritas, and a permit is issued by the city.

Signature of Applicant: \_\_\_\_\_ Date: \_\_\_\_\_

A permit becomes invalid if work or construction authorized has not commenced within 180 days, or if construction or work is suspended or abandoned for a period of 180 days at any time after work is commenced. Separate permits are required for electrical, plumbing, and heating/air condition. All permits require final inspection with Bureau Veritas at 877-837-8775 or with the city Code Enforcement Officer, Ben Fuhr at 903-532-6377. For commercial permits, a certificate of occupancy must be issued before any building is occupied.
